# About Krishnan Suthanthiran

President TeamBest Companies & Founder of Best Cure Foundation

*Life is a gift from our parents. We are born to live, and live to enjoy and cherish our gift. We can look at every obstacle as an opportunity or every opportunity as an obstacle. Who we are, what we are, and where we are, have a lot to do with the choices we have made and the ones we did not. Our career and service to the community are the outcome of what we do with the gift.*

– Krishnan Suthanthiran –

Krishnan Suthanthiran has established a division under BCF called “3E – Education, Empowerment and Equality” to promote the development and advancement of women. It is his belief that every man and woman was given birth to, nursed, and nourished by women, and therefore, they share a greater responsibility in juggling career and family, in raising children and caring for the home. In memory of his mother, Krish is proud to support women around the world in pursuing their goals through the 3E organization.

Kennedy dreamt of landing a man on the moon; eight years later we took that “giant step for mankind.” Reverend Martin Luther King dreamt people would one day be judged by their character rather than their color; he helped pave the way for Barack Obama to be elected President of the United States.**

*“I, too, have a dream—one shared by millions of our fellow citizens of the World—and a plan to realize this dream of quality healthcare and education that are affordable and accessible to all.”*

# Global War on Cancer

Launched by Best Cure Foundation & TeamBest Companies

While there have been many significant improvements and advancements in medical technologies, many patients around the world do not receive timely interventions or the right care. Mr. Suthanthiran firmly believes more should be done. In 2007, he formed the Best Cure Foundation to work with TeamBest companies, and other leading-edge companies and experts, to establish a Hub-and-Spoke model of healthcare delivery systems to overcome these shortcomings. Best Cure Foundation's goal is to launch a **"Global War on Cancer"** that includes express and mobile clinics linked to general and super-specialty medical centers worldwide.

He has established and acquired a number of medical companies globally, in order to collect many of the technologies needed to establish a Proactive Healthcare Delivery System, focused on transparency of clinical benefits, outcome, and cost using a Total Health Approach – Prevention, Early Detection, and Effective Treatment for Total Cure.

Kennedy once said that, “Each time a man stands up for an ideal, or acts to improve the lot of others, or strikes out against injustice, he sends forth a tiny ripple of hope.” This historic quote is one that has influenced Mr. Suthanthiran’s strong compassion and hopes of improving quality of life by expanding quality healthcare and education around the world by making them affordable and accessible.*
