

# **Happy Holidays and Best Wishes for a Happy and Healthy New Year!**

**December 2018**

***Another year has gone quickly... Lots of good, bad and ugly events all over the world. All of us are blessed with good fortune to have a home, meals and being healthy.***

***Health is wealth – so we need to constantly strive for a healthy lifestyle with improvements, small and big, in our daily lives.***

***Recently, I was at one of our customer's site at a hospital in Moscow, Russia and meeting with the Radiation Oncology Department Chairperson. She was introduced by one of our distributors in Europe. When I met with her and began to discuss their facility's plans for the future, she asked me a question... "What inspires you?"***

***I told her "Saving lives and making everyone around me happy and healthy!"***

***Our goal at TeamBest is to reduce the death and suffering from Cancer, Cardiac, Diabetes and other diseases by 50% or more by the end of next decade 2030.***

***Please join me in welcoming the New Year with a focus on our goals to serve at God's wish.***

***Happy and Healthy Holidays and have a wonderful New Year 2019!***

***Krish Suthanthiran***
