Introducing CURE Institute of Medical Physics

CURE Institute of Medical Physics will be happy to discuss with you all your clinical physics needs including, but not limited to:

- Implementing and commissioning new treatment technologies
- Clinical coverage
- Total site management
- Audits: beam data, planning system, QA procedures, planning procedures, etc.
- Equipment selection
- Acceptance testing
- Commissioning
- Beam modeling
- Radiation oncology physics webinars with high educational content
- Training clinical staff, on and off site, during treatment technology implementation
- Research & Development efforts in all aspects of radiation oncology physics and technology
- Routine Calibration & QA
- Assistance in all aspects of accreditation

Mission of Best Cure Foundation

The launch of the Total Health™ Program is a pioneering effort to focus on Best Cure's goal — prevention, early detection, and effective treatment to achieve total cure.
